

— XXXI ISPIM INNOVATION CONFERENCE —

— Innovating in Times of Crisis —

— 7-10 June 2020 - Virtual Event —

VIRTUAL

JUNIOR RESEARCHER

LAB

**The International Society for Professional Innovation Management** is an association of members from research, industry, consulting and the public sector, all sharing a passion for innovation management.

**ISPIM** runs innovation conferences where delegates are encouraged to engage, explore, belong and – of course – enjoy!

**Junior researchers** meet on the Sunday afternoon before ISPIM events virtually, to get a head start on networking and learning. The Junior Researcher Lab brings together early career researchers, Master's students, PhD students, and recent graduates with senior researchers and innovation managers.

**Through the community**, participants gain support in dealing with the challenges of completing or starting a PhD, in entering professional innovation career, expanding their skills as well as with starting a post-PhD career.

**When: SUNDAY 7 JUNE 2020**

**Where: Zoom  
(COMING SOON)**

For questions or comments get in touch with our Community Coordinator:  
**Michelle Heber** | [heber@ispim.org](mailto:heber@ispim.org)
